

Product Overview

## Showcase Your Movies In High Definition

**Never say goodbye to your favorite  
movies and shows.**

Use the Seagate® Showcase™ storage solution to give yourself vastly increased storage space for your favorite TV shows and movies. The Seagate Showcase solution contains a hard drive like the one inside your DVR—only with lots more room.

And it's easy to use.

Capacities up to 1 TB mean you can store up to 200 hours of high-definition content or more than 40 days of standard-definition television programming. So you no longer have to worry about running out of space or having to delete shows you want to keep in order to make room for new content.

**Space for your HD content**

**Incredibly quiet operation**

**Sleek, high-tech design**

**Simple to set up**

# Seagate Showcase™

Never say goodbye to your favorite movies and shows.

DVRs are great—until you run out of space. And it happens more and more frequently now that high-definition content is becoming the norm.

You shouldn't have to make a decision on which programs to delete and which to keep. But the truth is most DVRs simply don't have enough space for today's HD content.

Until now! Introducing the Seagate Showcase solution. It comes with up to 1 TB of space so you can keep more of your programs and movies.

- Whisper-quiet operation is perfect for living rooms and bedrooms.
- Stylish design fits seamlessly with existing equipment.

Plug-and-play installation means the Showcase solution is simple to set up. Seagate is working with leading service providers and DVR manufacturers to ensure Showcase will work with your DVR. Deciding which programs to delete will become a thing of the past. Seagate Showcase—the HD world awaits!
