Seagate Partner Program

Out there, it's a data economy. In here, we help you capitalize on it.

In a Seagate® sponsored report, IDC found that 45% of data created by IoT is stored, processed, analyzed, and acted upon at or near the edge of the network. Ready to capitalize on that trend? Building solutions centered on quality Seagate products and services is a great start.

The Seagate Partner Program is designed to help you break into new and emerging markets through:

Training and Education

Demand Generation

Marketing and Sales Support

**BUILT
FOR YOUR
SUCCESS**

Welcome to the Seagate Partner Program Builder Track

The Seagate Partner Program Builder Track is designed to help value-added resellers (VARs), managed service providers (MSPs), integrators, and other partners deliver innovative, high-quality enterprise storage solutions by combining powerful Seagate systems, enterprise drives, and services with their own offerings for a complete storage solution.

You'll gain direct access to benefits such as marketing development funds, tier discounts, sales and marketing support, and much more. We understand that you have unique business demands, and through personalized benefits like these, we'll help you meet them.

Our multi-tiered system offers you the opportunity to harness a wide array of targeted benefits so that you can empower your business through specific tools and resources. As your business with Seagate grows, you progress from Gold to Platinum and Diamond, all while unlocking more benefits, support, and discounts.
