winner 2006

## High Fashion Hard Drive

Fill your digital life with colors. Let the LaCie Skwarim Hard Drive in blue or pink brighten up your computing world with the high fashion look of world-renowned, award-winning designer Karim Rashid. Skwarim's futuristic design is complemented by the feel of its soft-touch square case.

## 1-Step Installation and Use

With just one simple step, it's as easy as a USB Key to install and use. Just plug the cross-platform Skwarim into any laptop or desktop with a USB port and begin to use it. Great for backing up and exchanging, you can store and transport thousands of photos, songs, files and even video clips with the Skwarim.

## Ultra-Mobile, Ultra-Compact

The portable LaCie Skwarim Hard Drive is not only fashionable; it offers an impressively high storage capacity of up to 60GB. And this one-of-a-kind device is so small it fits in the palm of your hand. Just toss it into your pocket, purse, bag, or briefcase for conveniently bringing it with you everywhere.

## Hi-Speed USB 2.0 Bus-Powered

The Skwarim's integrated USB 2.0 cable tucks discreetly and safely back into the case when not in use. A USB extension cable is included for accessing computers that require a longer cable. It easily works without the need for a cumbersome power supply because it's USB bus-powered, enabling a fast interface transfer rate of up to 480Mbps/s with Hi-Speed USB 2.0.

Integrated Hi-Speed USB 2.0 cable

- Huge portable storage in the palm of your hand
- Store, back up, exchange slideshows, videos, audio, and office files
