UPGRADE CABLES

Seagate ®

Perfect for when you need to:

• Upgrade your interface for faster file transfer performance
• Access your files with USB 3.0, FireWire® 800 and powered eSATA

Upgrade your GoFlex™ ultra-portable drive to increase file transfer performance.

Increase performance and access files with the interface of your choice.

As part of the GoFlex™ Storage System, GoFlex upgrade cables enable you to change the interface on your GoFlex or GoFlex Pro ultra-portable drive to increase performance and to access your drive the way you want. The GoFlex upgrade cables are available in USB 3.0, FireWire® 800 and powered eSATA which offer increased file transfer performance up to 10x faster than USB 2.0. The GoFlex upgrade cables simply click in place, making it easy to switch between other GoFlex cables and devices. All GoFlex cables feature LED lights to show drive activity.

Highlights

• Compatible with GoFlex and GoFlex Pro ultra-portable drives
• Up to 10x faster transfer speeds than USB 2.0
• LED lights show drive activity
• Available in USB 3.0, FireWire® 800 and powered eSATA

GoFlex upgrade cable USB 3.0 kit - upgrade your laptop and GoFlex drive to USB 3.0.

The GoFlex upgrade cable USB 3.0 kit includes everything needed to upgrade both your laptop PC and GoFlex or GoFlex Pro ultra-portable drive. The kit includes a USB 3.0 cable, PC card laptop adapter and USB power connector – everything you need to upgrade to USB 3.0 performance. The GoFlex USB 3.0 kit offers up to 10x faster file transfer performance compared to USB 2.0 and is backwards compatible with USB 2.0, enabling compatibility with legacy PC and Mac® computers.

Highlights

• Compatible with GoFlex and GoFlex Pro ultra-portable drives
• Includes everything needed to your upgrade your laptop to USB 3.0
• Delivers up to 10x faster performance than USB 2.0
• Backwards compatible with USB 2.0
